EAGLE FLOW™

Acute Short Term Hemo-Dialysis Catheters and Kits

Intended for acute dialysis and aphaeresis therapy.

HEALTH LINE
MEDICAL PRODUCTS

Features and Benefits

Thermal Reactive Polyurethane Material – Softens after insertion for improved patient comfort.

Silicone Extensions – Provide better flexibility and avoid memory from clamping without sacrificing comfort.

Straight or Curved Construction – Eagle catheters are available with straight and pre-curved catheter and extension design options.

SOFT TIP
allows for easy insertion

LARGE SIDE HOLES
improve blood flow and reduce clotting

ROTATING SUTURE WINGS
for secure external anchoring

CLAMP INSERTS
indicate priming volume

Eagle Short Term Hemo-Dialysis Catheters and Kits
