

EAGLE FLOW™

Acute Short Term Hemo-Dialysis Catheters and Kits

Intended for acute dialysis and aphaeresis therapy.

Features and Benefits

Thermal Reactive Polyurethane Material – Softens after insertion for improved patient comfort.

Silicone Extensions – Provide better flexibility and avoid memory from clamping without sacrificing comfort.

Straight or Curved Construction – Eagle catheters are available with straight and pre-curved catheter and extension design options.

Eagle Short Term Hemo-Dialysis Catheters and Kits
